

STATIONARY SOURCE APPLICATION INSTRUCTIONS

FEES: General Applications - Filing Fee: **See Filing Fees Checklist**. Note: The Engineering Analysis and other fees will be billed after a review is complete.

Gasoline Dispensing Facilities: See Filing Fees Checklist

AUTHORITY TO CONSTRUCT: Any person constructing, building, erecting, altering or replacing any article, machine, equipment or other contrivance, the use of which may cause, eliminate, reduce, or control the issuance of air contaminants, shall first obtain authorization for such construction from the Air Pollution Control Officer. An authority to construct shall remain in effect until a permit to operate the equipment is granted or denied or the application is canceled. An authority to construct shall expire no later than two years from the date of issuance, unless an extension is granted. **A filing fee (See Filing Fees Charge Sheet) should accompany each application for an authority to construct and/or operating permit. Additional fees will be charged, after upon approval.**

PERMIT TO OPERATE: Any person operating an article, machine, equipment or other contrivance, the use of which may cause, eliminate, reduce or control the issuance of air contaminants, shall first obtain a written permit from the Air Pollution Control Officer. No permit to operate shall be granted either by the Air Pollution Control Officer or the Hearing Board without authorization as required by District Rules and Regulations, until the information required is presented to the Air Pollution Control Officer and the equipment or process is altered, if necessary, and made to conform to the standards set forth in the Rules and Regulations, and in the California Health and Safety Code.

FORM COMPLETION: The Authority to Construct and Permit to Operate Application form must be filled out completely. One form must accompany each application for (1) authority to construct for a new or modified facility; (2) permit to operate a facility for which no application for authority to construct was required or submitted; (3) emission reduction credit due to equipment shutdown, reformulation, or installation of abatement equipment.

INFORMATION REQUIRED: An application for an authority to construct or permit to operate for a new or modified stationary source of air contaminants shall give all the information necessary to enable the Air Pollution Control Officer to make the determination that every article, machine, equipment or other contrivance, the use of which may cause, eliminate, reduce, or control the issuance of air contaminants, is so designed, controlled, and operated with such air pollution control equipment that it may be shown to operate without emitting or without causing to be emitted air contaminants in violation of the District's Rules and Regulations or of such state or federal statutes as may be enforceable by the Air Pollution Control Officer. In addition, the Air Pollution Control Officer may require such information as may be deemed necessary to describe the equipment and/or processes to be permitted.

Applicants are requested to use the Stationary Source Application Checklist to identify forms or instructions which may clarify application requirements for certain processes or category of source.

STATIONARY SOURCE APPLICATION CHECKLIST

The Placer County Air Pollution Control District's "List and Criteria for Required Application Information" gives all the information that may be requested as part of the permit application process. As an aid to applicants, this checklist identifies the minimum that is required for an application to be accepted. If the forms are not completed or the minimum required information is not provided, your application will be returned. Check the items you have completed and/or enclosed as part of the application.

- 1. **Fees** submitted with application:
 - General Applications** - Filing Fee: **See Application Filing Fees Checklist** (Note: The Engineering Analysis and other fees will be billed after a review is complete.)
 - Gasoline Dispensing Facilities:** **See Application Filing Fees Checklist** (Sacramento Valley Basin Control Council fee does not apply if West of Range 9E, near Clipper Gap, CA) (Minor Source, one-time charge, for new facilities and does not apply to facilities which have previously paid this fee.)
- 2. **Authority to Construct/Permit to Operate Application Form.** Complete each section of the form and sign the application.
- 3. **Facility Map.** Blueprints, diagram, or sketch, drawn roughly to scale that locates equipment and emission points on parcel, and the distance of emission sources to the property line and to the nearest off property structures.
- 4. **Flow Diagram.** Blueprint, diagram, or sketch showing the sources of air pollutants, the flow of air pollutants, control devices, and discharges to the atmosphere. (Not Applicable for Boilers, Gasoline Dispensing, Dry Cleaners, Automotive Refinishing, Graphic Arts, Wood Coating, or Engines).
- 5. **Technical Information Forms Required.** Please attach the appropriate Technical Information along with a Description of the Proposed Project.
 - A. Automotive Refinishing Form
 - B. Boilers, Steam Generators, Process Heaters, or Kilns Form
 - C. Concrete Batch Plant
 - D. Dry Cleaner Form
 - E. Engine Form
 - F. Gasoline Dispensing Facility (New, Retail, Non-Retail and Existing) Form
 - G. Graphic Arts Operation Form
 - H. Wood Coating Operation Form
 - I. Vapor Vacuum Extraction Form
 - J. For other processes, please contact the District's Permit Engineer at 530-745-2330.
- 6. **Air Emission Estimate.** (If your project is not described in 5.A. through 5.I., provide the basis for the air emission estimate in the Authority to Construct application Box 22, and identify any toxic compounds that may be emitted to the atmosphere.)
 - A. Include emission factors, air pollution control device efficiencies, mass balance calculations, raw material/fuel usage, MSDS or raw material specification sheets, etc. that support the estimate of emissions provided.
 - B. For air toxic compounds, identify the compounds, the emission point(s), and maximum quantity discharged per hour.

Please submit this checklist with your application. Your application will not be filed without the fees, forms, and information identified above. Once the application is accepted and filed the District will conduct a technical review of the application for completeness and process it.

**PLACER COUNTY AIR POLLUTION CONTROL DISTRICT
APPLICATION FILING FEES CHECKLIST
7/1/2018- 6/30/2019**

FILING & APPLICATION FEES

| <u>Rule</u> | <u>Fee Type</u> | <u>Fee</u> | <u>Units</u> | <u>Extension</u> |
|-------------|--|-------------|------------------------------|------------------|
| 601 | <input type="checkbox"/> Application for Authority to Construct / Permit to Operate, Permit to Operate Revision, Emission Reduction Credit Application | \$ 308.84 | per application | \$ _____ |
| 601 | <input type="checkbox"/> Title V Initial Permit filing | \$ 1,411.82 | per application | \$ _____ |
| 601 | <input type="checkbox"/> Title V Permit re-opening, modification, or renewal | \$ 882.39 | per permit | \$ _____ |
| 601 | <input type="checkbox"/> Issuance of duplicate permit | \$ 24.71 | per permit | \$ _____ |
| 601 | <input type="checkbox"/> Synthetic Minor Source Status filing | \$ 608.85 | per application | \$ _____ |
| 601 | <input type="checkbox"/> Change of Ownership or Name | \$ 275.31 | per permit (Max. \$1,101.24) | \$ _____ |

ADDITIONAL FEES

| <u>Rule</u> | <u>Fee Type</u> | <u>Fee</u> | <u>Units</u> | <u>Extension</u> |
|-------------|--|------------|---|------------------|
| 601 | <input type="checkbox"/> Engineering Analysis Fees | | Billed after approval of permit prior to issuance, based on equipment rating, or \$139.92 per hour, whichever is greater. | |
| 608 | <input type="checkbox"/> Sacramento Valley Air Basin fee | \$ 5.00 | per permit West of Clipper Gap | \$ _____ |

VARIANCE PETITION FEES

| <u>Rule</u> | | <u>Initial Petition Fee</u> | <u>Staff Time Included in Initial Fee</u> | <u>Charges for Additional Staff Time</u> | <u>Extension</u> |
|----------------------------------|--|-------------------------------------|---|--|------------------|
| 602 | HEARING BOARD FEES | | | | |
| | <input type="checkbox"/> Regular or Product Variance, or Order Request | \$ 4,230.16 | 8.0 Hrs. | \$ 146.24 | \$ _____ |
| | <input type="checkbox"/> Appeal of Authority to Construct or Permit to Operate | \$ 1,741.83 | N/A | N/A | \$ _____ |
| | <input type="checkbox"/> Modification of Increments of Progress or Final Compliance Date | \$ 3,773.96 | 6.0 Hrs. | \$ 146.24 | \$ _____ |
| | <input type="checkbox"/> Short or Interim Variance | \$ 2,115.08 | 5.0 Hrs. | \$ 146.24 | \$ _____ |
| | <input type="checkbox"/> Emergency Variance | \$ 1,783.30 | 4.0 Hrs. | \$ 146.24 | \$ _____ |
| Total Initial Filing Fee: | | \$ _____ | | | |

The above fees have been excerpted from the referenced Rules and the District Fee Schedule. Other fees may apply - please consult with District staff regarding applicable fees. A copy of District fee Rules, the District Fee Schedule, and other regulations, may be requested.

PLACER COUNTY AIR POLLUTION CONTROL DISTRICT

ADDITIONAL TECHNICAL INFORMATION COATING OPERATION (Automotive and Wood coating)

1. Company Name: _____
2. Operating Schedule:
 - a. Maximum Hours of Operation per day: _____
 - b. Maximum Hours of Operation per quarter: _____
3. Equipment Location Drawing - Submit a drawing or sketch which shows at least the following:
 - a. The property involved and outlines of all buildings. Identify property lines plainly, and indicate building heights(s).
 - b. Location and identification of the coating application equipment on the property. Show vent or stack for the applicator ventilation system.
4. Description of Processes
 - a. Provide a written description of the process, equipment, and ventilation and exhaust systems on a separate page.
 - b. Provide a process flow block diagram showing the application equipment in relation to other process equipment and the flow of the raw material or product on a separate page.
5. Application Method:
 - High Volume Low Pressure (HVLP)
 - Low Volume Low Pressure (LVLP)
 - Electrostatic
 - Flow Coat
 - Dip Coat
 - Roll Coat
 - Others, please List _____

6. Spray Booth(s): Yes No

If "yes", indicate the following:

- a. Number of booths: _____
- b. Spray booth manufacturer: _____
- c. Number of filters: _____
- d. Size of each filter: _____
- e. Exhaust fans
 - 1. Number: _____
 - 2. Motor horsepower: _____
 - 3. Fan Diameter: _____
- f. Enclosure outside dimensions: _____ length X _____ width X _____ height
 _____ length X _____ width X _____ height
- g. Manometer (to read differential pressure drop across filters)? Yes No

7. Coating and Solvent Data

Use the following table to estimate the maximum volume of materials used in a year or in a month. If you use products not listed, write in those types in the blank rows.

Identify all coatings, thinners, and clean-up solvents, and maximum usage rates:

| SPECIFIC MATERIAL | GAL. USED /YEAR OR | GAL. USED /MONTH | TYPICAL PRODUCT BRAND NAME & ID # | VOC CONTENT |
|--------------------------------------|--------------------|------------------|-----------------------------------|-------------|
| CLEAR TOPCOATS | | | | |
| CONVERSION VARNISH | | | | |
| FILLER | | | | |
| HIGH-SOLID STAIN | | | | |
| INKS | | | | |
| MOLD-SEAL COATING | | | | |
| MULTI-COLORED COATING | | | | |
| PIGMENTED COATING | | | | |
| SEALER | | | | |
| LOW SOLID STAINS, TONERS & WASHCOATS | | | | |
| SURFACE PREP & CLEAN-UP | | | | |
| UNDERCOATER | | | | |
| PRIMER | | | | |
| OPAQUE STAINS | | | | |
| ENAMELS | | | | |

| SPECIFIC MATERIAL | GAL. USED /YEAR OR | GAL. USED /MONTH | TYPICAL PRODUCT BRAND NAME & ID # | VOC CONTENT |
|------------------------------|---------------------------|-------------------------|--|--------------------|
| VARNISHES | | | | |
| SHELLAC | | | | |
| CONTACT CEMENT | | | | |
| OTHER ADHESIVES | | | | |
| THINNER | | | | |
| | | | | |
| | | | | |
| TOTAL ESTIMATED USAGE | | | | |

8. Are the products heat cured? Yes No

If "Yes", how is it heat cured? _____

9. Are the products glued together? Yes No

If "Yes", how are the products glued? _____
