The Approved Budget for FY2017-18 has been revised twice since the original proposal. It was revised to increase the funding for Clean Air Grants under the Community Based Supplemental Environmental Project to place air filtration systems in schools impacted by the Roseville railyard and the interstate. The total amount provided was \$429,500.00 \$14,700.00 was provided by CalFire for Monitoring Equipment Maintenance and repairs.

*The "Ending Fund Balance" for the proposed FY 2018-19 budget is the consolidated total for the following fund balances:

Operations Fund	\$	122,515
Building - Maintenance Capital Outlay		50,000

Black Carbon Research		-
Wildfire Mitigation		-
Ending Fund Balance Totals	\$	<u>475,814</u>

**The "Encumbered Funds" balance rolling into the proposed FY 2018-19 budget are consolidated from the following:

Operations Fund	244,005
DMV (AB2766 & AB923) Fund	346,118
Mitigation Fund	438,411
Black Carbon Research	8,355
Wildfire Mitigation	27,531

*** Note that the Settlement Revenue from the SPI case (settlement was received on July 24, 2007) of \$2,742,500 has been removed to a separate sub-fund; likewise, the recovered litigation costs for the same case of \$700,000 has also been moved to a sub-fund in order to separate these funds from the District's Operational Budget. The funds for the purchase of the building were taken from the Settlement Fund (\$1,500,000) leaving \$1,242,500. An additional \$40,000 was used to purchase and install solar panels on the District's building located at 110 Maple Street in Auburn, California. The District has paid back \$165,000 to the Building Purchase which leaves a balance of \$1,367,500 in the Settlement Fund. Also, \$361,500 was taken from the Litigation Cost Recovery Fund for "Relocation Costs" leaving \$338,500 in that fund. Interest derived from those funds is included in the Operations Fund for FY 2018-19.
